A Book Review

Dr. Noorullah Azizi's memoir, *From Afghanistan to the UK: A Story of Conflict, Survival, and Saving Lives*, is a powerful and inspiring account of one man's journey through war, displacement, and rebuilding his life in a new country.

Azizi was born in Afghanistan in 1977. He grew up in a loving family and dreamed of becoming a doctor. However, his childhood was cut short by the Soviet invasion of Afghanistan. Azizi and his family were forced to flee their home and live in a refugee camp in Pakistan.

Despite the challenges he faced, Azizi never gave up on his dream of becoming a doctor. He studied hard and eventually earned a scholarship to study medicine in the UK. In 1999, Azizi arrived in the UK as a refugee. He was determined to make a new life for himself and his family, but he soon realized that the journey would be difficult.

Azizi faced discrimination and prejudice in the UK. He was often seen as an outsider and was treated with suspicion. However, he refused to give up. He worked hard to learn English and passed his medical exams. In 2005, Azizi finally achieved his dream of becoming a doctor.

After working as a doctor in the UK for several years, Azizi decided to return to Afghanistan to help his people. He worked in a hospital in Kabul and provided medical care to those who had been affected by the war. Azizi's work in Afghanistan was dangerous, but he was determined to make a difference.

In 2014, Azizi was forced to flee Afghanistan again due to the Taliban's takeover of the country. He returned to the UK, where he continues to work as a doctor and advocate for refugees.

From Afghanistan to the UK: A Story of Conflict, Survival, and Saving Lives is a powerful and inspiring memoir. Azizi's story is a testament to the human spirit and the power of hope. It is a must-read for anyone interested in the human cost of war and the refugee experience.
