In her new book, *Pickleball Faith*, author Jennifer Baxter explores the intersection of faith and pickleball. The book features stories from pickleball players of all ages and skill levels who have found inspiration and meaning in the game.

Baxter herself is a lifelong pickleball player. She has seen firsthand how the game can bring people together and make a positive impact on their lives. In *Pickleball Faith*, she shares stories from players who have found hope

and healing on the pickleball court. She also explores the ways that pickleball can be a metaphor for our faith journey.

One of the stories in *Pickleball Faith* is about a woman named Mary. Mary is a breast cancer survivor. After her diagnosis, she was looking for a way to stay active and connected with others. She found pickleball, and it quickly became her passion. Mary says that pickleball has given her a new sense of purpose and helped her to find joy again after her cancer diagnosis.

Another story in the book is about a man named John. John is a recovering alcoholic. He found pickleball after he got sober, and it has helped him to stay on track with his recovery. John says that pickleball has given him a sense of community and belonging. He has also found that pickleball helps him to manage his stress and anxiety.

The stories in *Pickleball Faith* are inspiring and heartwarming. They show how pickleball can be a force for good in the world. If you are a pickleball player, or if you are simply looking for a way to find more joy and meaning in your life, I encourage you to read this book.
