This book will teach you everything you need to know about investing, from choosing the right funds to managing your risk. You'll learn how to create a simple, low-cost portfolio that will help you reach your financial goals.

## What is the Three-Fund Portfolio?

The Three-Fund Portfolio is a simple, low-cost investment portfolio that was developed by the Bogleheads, a group of investors who follow the principles of John Bogle, the founder of Vanguard. The portfolio consists of three index funds:

- A total stock market index fund
- A total bond market index fund
- A total international stock market index fund

The Three-Fund Portfolio is designed to provide investors with a diversified portfolio that will track the overall stock and bond markets. The portfolio is also very low-cost, with an average expense ratio of just 0.1%. This means that you can keep more of your investment returns.

### **Why Invest in the Three-Fund Portfolio?**

There are many benefits to investing in the Three-Fund Portfolio, including:

- **Simplicity:** The Three-Fund Portfolio is very simple to manage. You only need to choose three funds and you're done.
- **Low cost:** The Three-Fund Portfolio is very low-cost, with an average expense ratio of just 0.1%. This means that you can keep more of your investment returns.
- **Diversification:** The Three-Fund Portfolio is very diversified, which means that it will help you reduce your risk.
- **Long-term performance:** The Three-Fund Portfolio has a long history of strong performance. Over the past 10 years, the portfolio has returned an average of 10% per year.

## How to Get Started with the Three-Fund Portfolio

Getting started with the Three-Fund Portfolio is easy. Here are the steps you need to follow:

1. **Choose a broker.** There are many different brokers that you can choose from. Some of the most popular brokers include Vanguard, Fidelity, and Charles Schwab.
  2. **Open an account.** Once you have chosen a broker, you need to open an account. This process typically takes just a few minutes.
  3. **Fund your account.** You can fund your account by transferring money from your bank account or by mailing a check.
  4. **Choose your funds.** Once you have funded your account, you need to choose the three funds that you want to invest in. The Bogleheads recommend the following funds:
    - Vanguard Total Stock Market Index Fund (VTI)
    - Vanguard Total Bond Market Index Fund (BND)
    - Vanguard Total International Stock Market Index Fund (VXUS)
- **Set up a rebalancing schedule.** Once you have chosen your funds, you need to set up a rebalancing schedule. This will help you keep your portfolio on track and ensure that you are taking on the appropriate level of risk.
